Presidents Report

Hello Everyone and Happy Spring!

This past year has seen many exciting changes for the Nova Scotia Adopt-A-Highway Association. We have had some new members join our committee bringing fresh ideas and I am very honoured and appreciative to the members of our committee to have been selected as the President during this exciting time of growth for the association. The Adopt-A-Highway Committee and I would like to take this opportunity to express our appreciation to Coni Murray and the Women's Institutes of Nova Scotia for all of the support they have provided throughout the years to the program. Your time and dedication devoted to keeping Nova Scotia clean and beautiful have been very much valued by us all.

The Great Nova Scotia Pick-Me-Up, previously managed by Clean, has transitioned to be managed by the Adopt-A-Highway office. This new addition means that the association can broaden its reach and make an impact within the province even greater than before. The Pick-Me-Up program is generously sponsored by Glad, Nova Scotia Environment and Divert NS. Without these fantastic supporters, this program could not be possible so we greatly appreciate their assistance. Due to the growth, as a result of taking on the Great Nova Scotia Pick-Me-Up, our office location has changed to accommodate the additional resources required to run this ambitious program. I would like to say 'Thank You' and acknowledge all of the hard work and time our Program Manager, Amy Langille, has put into ensuring a seamless transition of this program. The future of these two programs being managed out of the Adopt-A-Highway office looks very bright!

Finally, a huge thank you to all of the individuals, groups, schools and businesses who spend countless hours getting outside and cleaning up our communities across the province. Their dedication to keeping Nova Scotia beautiful and litter free does not go unnoticed and is greatly appreciated by all who live, work and play here.

Deborah Searle
President

GREAT NOVA SCOTIA PICK-ME-UP!

We have taken over the Great Nova Scotia Pick-Me-Up Program, formerly run by the Clean Foundation. Proudly supported by Glad®, the Great Nova Scotia Pick-Me-Up (PMU) is Nova Scotia's largest volunteer-driven community clean-up program. Pick-Me-Up promotes litter clean-ups across the province and provides supplies at no-cost to participants. The Adopt-A-Highway Program will still focus on roadside clean-ups, but with the addition of PMU we are no longer restricted to road-sides!
